

Note to Groups from District Treasurer:

In the interest of making sure each group is given credit for the contributions sent to district it is very important to have a specific group name and if you have your group's GSO registered number this helps even more.

The DCM, alternate DCM and/or the Registrar can help you obtain your group numbers if you are unsure of what your number is.

As incoming treasurer for District 2 it will be my responsibility to keep these records and I want to make sure each group is given the credit for contributions they mail in.

In the past confusion arises from the fact that many groups have similar names, times they meet, etc. Any clarity you can provide as the group treasurer would be greatly appreciated.

In service ...

Marion T /District 2 Treasurer
